In Search of Vikings
PREVIEW

Read the Passage!

2022 March SAT

In Search of Vikings

In 1961, Norwegian archaeologists set out across the Atlantic Ocean to investigate the legendary Viking presence in North America. While many scholars believed the land referred to in the Norse epics as Vinland was a part of Canada or the United States, no physical evidence of a Norse village had ever been discovered in North America. 1 The absence of physical evidence can be a major issue for [illegible] investigators, but historians str[illegible]gle [illegible]th [illegible]robl[illegible] a[illegible] well.

1

Which choice provides the most effective transition to the discussion that follows in the passage?

A) NO CHANGE

B) Physical evidence of Norse villages, however, is extensive throughout Scandinavia and has been carefully studied by archaeologists.

C) Regardless of [illegible]at t[illegible]se archaeologists [illegible] th[illegible]rs [illegible]pic Saga of the [illegible]enland[illegible]s [illegible]n[illegible] interesting information a[illegible]t the a[illegible]d V[illegible]ing presence in North A[illegible]

D) That changed when these archaeologists began excavating a remote stretch of the Canadian coast.

Did you get it right?!

2022 March SAT

In Search of Vikings

In 1961, Norwegian archaeologists set out across the Atlantic Ocean to investigate the legendary Viking presence in North America. While many scholars believed the land referred to in the Norse epics as Vinland was a part of Canada or the United States, no physical evidence of a Norse village had ever been discovered in North America. 1 The absence of physical evidence can be a major issue for crime investigators, but historians struggle with this problem as well.

1

Which choice provides the most effective transition to the discussion that follows in the passage?

A) NO CHANGE

B) Physical evidence of Norse villages, however, is extensive throughout Scandinavia and has been carefully studied by archaeologists.

C) Regardless of what these archaeologists discovered, the Norse epic Saga of the Greenlanders contains interesting information about the alleged Viking presence in North America.

D) That changed when these archaeologists began excavating a remote stretch of the Canadian coast.

The U-Wing's Design

The U-Wing's Design Makes a U-Turn

Doug Chiang had a problem with his spaceship. Designed for the 2016 film Rogue One, the vehicle sketched out by Chiang and his team of concept 34 artists (professionals who help filmmakers and video game producers translate ideas from page to screen—looked a little too 35 above this planet. In an[illegible] perhaps the futuristic desi[illegible] Chiang wasn't working [illegible] on the latest installment o[illegible] ar Wars, a franchise of science-fantasy films whose 36 merchandise includes toy versions of the spaceship Millennium Falcon.

34

A) NO CHANGE
B) artists—professionals
C) artists, professionals
D) artists: professionals

35

A) N[illegible]
B) beyo[illegible]his planet.
[illegible]ut of this world.
D) on top of the world.

36

Which choice most effectively establishes a main idea of the passage?

A) NO CHANGE
B) characters frequently travel from planet to planet in spaceships.
C) themes are drawn from fairy tales and myths.
D) visual aesthetic draws more heavily on the past than on the future
